It's my pleasure to provide this letter of recommendation for Aleksandr as he pursues as a Student position in Great Britain. He got a master's degree diploma in Linguistics with distinction (specialization - translation and translation studies) . I know him as one of the best and hardworking students of the group. Moreover, he served as the group's monitor.

I taught the courses "History of English language" and "Bases of Linguistics" and Aleksandr always actively asked questions to me in the lesson. When other students can't understand something, he joyfully helped them.

In the morning, Aleksandr went to university, and in the evening attended additional classes in the English language to get diploma of professional retraining as an English teacher, in addition; he had a part-time job. Nevertheless, he always successfully passed exams. Aleksandr got an "excellent" mark on the state examination and his total score is 100%.

He took an active part in the social and cultural life of the university. He is known as the most experienced student curator of our faculty. Aleksandr was a member of a trade union organization. He participated in Olympiads in theoretical linguistics, in theoretical fundamentals of English language.

Aleksandr sang in the National Men's Chorus of the faculty, and together with the choir he gave tours. He was a volunteer at the University Forum "English 2017", where he made a report on different methods of cognitive linguistics. He took the first place in Moscow State University in international scientific conference of students, graduate students and young scientists «Lomonosov».
